

Knotted Stitch

Cast on 12 stitches. I used a size 1 needle and fingering weight yarn. I also used my sharpest needles.

Design is worked over 2 rows.

Row 1	k1, *yo, yo, k1*. Repeat
Row 2	k1 (in the knit stitch) p1, k1 in double yo Slip yo off needle Slip these 3 stitches you just knit back to left needle Pass slipped p1, k1 stitches over k1 Slip remaining stitch back on right needle, k1

NOTES:

This was a difficult pattern to chart. If you have a question, please let me know.

When slipping the 2 yarn overs off on Row 2, keep the stitches loose. Then after completing the stitch pattern, give the yarn a tug.

This stitch has very little stretch and should hold its shape well. It reminds me of crochet or macrame.
